- with Nissens' new and hot climate products

Hot news in the widest range

Nissens offers one of the widest ranges of AC product solutions in the automotive aftermarket with more than 3,000 high-quality climate parts in total for cars, vans and trucks. One of the most important products of our climate range, Nissens' condensers, covers 98 % of the top 100 car models produced in the EU. We are dedicated to being a first mover when it comes to launching completely new products to the aftermarket. Below you can see the list of the most recently launched climate products - and download the complete lists in Excel files.
